Description

Penetone 169 is a highly concentrated, mild alkaline, water based cleaner, specially formulated for removing grease, oil and grime quickly and safely from most surfaces, such as; floors, walls, machinery and transportation equipment. It is also authorized by the USDA for use in federally inspected meat and poultry plants.

Directions for Use

Bucket and Brush: Add 1 part *Penetone 169* to 25 parts water. Brush solution onto surface, agitating where necessary. Rinse with water.

High Pressure Spray: Add 1 part *Penetone 169* to 50 parts water, spray onto surface, allowing a short contact time. Pressure water rinse.

Automatic Washing Equipment: For transportation equipment, add 1 part *Penetone 169* to 50 to 128 parts water. Run equipment through machine cycle. Rinse with water.

IMPORTANT: Before using *PENETONE 169*, always be sure to read and follow warnings and directions for use appearing on the product container label and MSDS. (May05)
