Description

Penmul L745 is a new asphalt cleaner containing solvents and naturally derived ingredients that gives performance equivalent to or better than diesel fuel. This product is water rinsable and water dilutable. *Penmul L745* is non hazardous, and has a pleasant odor. The flash point (closed cup) is above 141°F.

Penmul L745 has been tested and approved by the North Carolina DOT.

Penmul L745 is a clear pale amber/yellow liquid with a mild citrus odor.

Directions for Use

Penmul L745 can be applied by brush or coarse spray, in a dip tank operation, or in a parts washing machine. When used in a dip tank, agitation should be provided for best results. *Penmul L745* may be used concentrated or diluted with water.

Automotive Use: Spray or brush on the undergear of trucks, buses, tractors, road building equipment for removing asphalt, tar and pitch. Allow to set for a few minutes, then hose or wipe off.

Parts Washing: Soak until oils and grease are removed. Rinse with water.

***Note:** This product may craze or soften certain plastics and may affect certain paints. Pretest on part to be cleaned before use.*

IMPORTANT: Before using *Penmul L745*, always be sure to read and follow warnings and directions for use appearing on the product container label and MSDS.
