

## GENERAL USE

**Pen-Strip NPX** is an acid activated solvent paint stripper that will rapidly attack and loosen even the toughest baked on paint finishes, it will strip virtually any paint or coating from its substrate.

**Pen-Strip NPX** can be used in a mild steel tank with lid to prevent solution loss caused by evaporation. Do not heat.

## FEATURES AND BENEFITS

- No flash point
- Fast acting
- Chromate and phenolic free
- Used at room temperature
- Special surface barrier to inhibit evaporation
- Decreased fire hazard
- High level of productivity
- No energy cost
- Versatile uses

## DIRECTIONS FOR USE

<b>Use procedure</b>	Parts should be completely immersed until the paint is lifted from the surface. Remove parts and pressure rinse with water.
<b>Concentration</b>	Use undiluted.
<b>Note</b>	<b>Pen-Strip NPX</b> is safe on aluminum, bronze, chromium, iron and steel. Prolonged immersion is not recommended on brass, copper, tin, zinc, cadium and magnesium.

# PEN-STRIP® NPX

## NONFLAMMABLE PAINT AND VARNISH REMOVER

### PHYSICAL PROPERTIES

Appearance	Light pink to purple liquid
Odor	Sharp odor
pH	Not applicable
Freezing Point	Not determined
Boiling Point	Initial about 104°F
Flash Point (TCC)	None to boiling point, tag closed cup
Relative Density	1.26 at 75°F
Auto-Ignition Temperature	Not determined
Water Solubility	Emulsifies
Viscosity	Less than 5 CP at room temperature

### INCOMPATIBILITY

Alkali metals. Aluminum, strong oxidizing agents. Bases, amines, magnesium, strong acids and strong bases, vinyl compounds.

### WAREHOUSING PRECAUTIONS

Keep container tightly closed when not in use. Do not store in direct sunlight. Avoid storing above 120°F (49°C).

Do not store near oxidizing agents. Do not store in zinc, aluminum, aluminum alloys, or plastic.

### APPROVALS

MIL-R-81903A Type II, Class II

### AVAILABLE SIZES

5 gallon Pail

52 gallon Drum

### FIRST AID MEASURES

**If in eyes:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a poison center, doctor, physician or other competent medical authority for medical advice. Penetone recommends that after any eye exposure a physician be seen immediately.

**If swallowed:** Rinse mouth. DO NOT INDUCE VOMITING. Immediately call a poison center, doctor, physician or other competent medical authority for medical advice.

**If inhaled:** Remove person to fresh air and keep comfortable for breathing. Immediately call a local Poison Control

Center, physician, or other competent medical authority for medical advice.

**If on skin (or hair):** Take off immediately all contaminated clothing. Rinse skin with water or shower. A mild soap may be used to wash skin. Wash contaminated clothing before reuse. Immediately call a local Poison Control Center, doctor, physician or other competent medical authority for medical advice.

### PERSONAL PROTECTION Security equipment

WHMIS

**IMPORTANT:** Before using **PEN-STRIP NPX**, always be sure to read and follow precautions and directions for use appearing on the product container label and on the safety data sheet (S.D.S).
