

GENERAL USE

Window Jetkleer is an advanced formula window cleaner that is non-streaking and safer to use than most products available today. **Window Jetkleer** has excellent lubricity and is easier to wipe clean with its “static release” feature, resulting in a one-step cleaning process.

Windows in an industrial environment where atmospheric dust clings to glass are now easily cleaned with **Window Jetkleer**.

FEATURES AND BENEFITS

- Cleans streak-free
- Pleasant odor
- Fast evaporation
- Safe on polycarbonate & acrylic
- Free of ethylene glycol butyl ether
- Saves time & labor costs
- Versatile product

DIRECTIONS FOR USE

Use procedure

Spray undiluted **Window Jetkleer** lightly onto surfaces to be cleaned. Do not over spray. Wipe dry with a clean, lint-free cloth or paper towel.

WINDOW JETKLEER®

NON-STREAKING, INDUSTRIAL STRENGTH WINDOW CLEANER

PHYSICAL PROPERTIES

Appearance	Blue liquid
Odor	Mild
pH	9.0-9.5
Freezing Point	32°F
Boiling Point	212°F

AVAILABLE SIZES
32 oz. (pump spray) (12 case)
4 X 1 gallon Case
5 gallon Pail
55 gallon Drum

FIRST AID MEASURES

If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists or develops: Get medical advice or attention. Penetone recommends that after any eye exposure a physician be seen immediately.

If swallowed: Rinse mouth. Call a poison center, doctor, physician or other competent medical authority if you feel unwell.

If inhaled: Remove person to fresh air and keep comfortable for breathing. Call a poison center, doctor, physician or other competent medical authority if you feel unwell.

If on skin: Wash with plenty of water or a mild soap. Take off contaminated clothing and wash it before reuse. If skin irritation occurs: Get medical advice or attention.
