PENSOLV™ LV15

LOW VOC STICKIES REMOVAL SOLVENT

Pensolv LV15 Product Features / Benefits:

Pensolv LV15 is a 15% VOC specialty product specifically developed for papermachine wire and felt cleaning.

- 15% VOC Cleaner.
- Economical.
- Highly effective in removing pitch, latex, resins, and adhesives.
- Pleasant mild citrus odor from one of our natural ingredients.
- No transfer of harsh solvent odors to the sheet. Low residue.
- **No operational disruptions** – no need to purge Pensolv LV15 from the process water system.
- **FDA Compliant** – Contains no phenols, chlorinated, or aromatic solvents.
- Pensolv LV15 is designed for use with continuous cleaning applications or batch cleaning for the removal of stickies.
- Pensolv LV15 improves sheet quality and extends clothing life.
- **Safe on all equipment** – rubber rolls, roll covers, bearing housings, and machine frame.
- Reduces paperwork:
 - No SARA Title III Ingredients
 - No Prop. 65 Ingredients
 - Not Photochemically Reactive
